

DANCE CAPTAINS

2025 - 2026

When choosing who will take on this role; it relies a lot on the knowledge of the routine, being aware of specific details within the routine, knowing counts and how to count for a large group of people. As for Co-Captains, many of the same criteria apply but also this is a good opportunity to learn how to be a leader and assist the Captain. Be mindful not all dances will have a co-captain.

Remember anyone assigned as a captain / co captain needs to respect their title and remember they are not the teacher but there to assist the teacher. Dancers also need to respect the captain/co captain and listen to them especially during stressful competition times. We all just have to work as a team to get the job done of preparing you for the stage!

The Dance Captain will also be the **only** dancer to go up to collect the award at competition. It is their responsibility to bring back the pin/medal to the studio on Monday to pass out to their teammates.
